SAHIL MAHENDRA SANAP
MBA Tech: Class of 2027
Technology Stream: COMPUTER
Date of Birth: 28-02-2002

EDUCATION

Qualification	Institute	Board/University	Year	% / CGPA
MBA Tech	Mukesh Patel School of Technology Management and Engineering	NMIMS Mumbai	Currently Pursuing	3.25/4
XII	SHRI TP Bhatia College of Science	HSC	2020	68.46
X	NL Dalmia High School	ICSE	2018	88

CORE SKILLS

- **Programming Languages:** Python, Java, C++, JavaScript, PHP.
- **Web Development:** HTML, CSS, AngularJS, React, Node.js, Express.js.
- **Database Management:** SQL, MongoDB, XAMPP.
- **Data Analysis:** R, Python (NumPy, pandas)
- **Machine Learning:** TensorFlow, Scikit-learn (Libraries)
- **Other Tools:** SAS, Tally, API Integration(Firestone, Serpapi etc)
- **UI/UX Design:** Figma, Canva.
- **Non Technical Skills-** Leadership, Strategy, Creativity, Communication, Marketing, Collaboration, Time-management, Adaptability, Multitasking, Interpersonal, Social Media.

INTERNSHIP EXPERIENCE

No Prior Experience

PROFESSIONAL ATTRIBUTES/ ACHIEVEMENTS

- Developed a fully functional Airtel Clone website, replicating core features such as user authentication, bill payment systems, and data recharge services, leveraging **Node.js** for backend development and **Firestone** for real-time database management.

- Engineered a personalised **Recipe Recommendation System** using **Flask** for backend processing and **React.js** for an intuitive, user-friendly interface. Implemented machine learning algorithms to suggest recipes based on user preferences and dietary restrictions.

- Designed an innovative **Telemedicine Website** as part of the **Smart India Hackathon**, focusing on seamless UI/UX. The platform facilitated efficient doctor-patient interactions through streamlined scheduling, consultation modules, and responsive design.

- Collaborated on a **Café Finder application**, utilising **Firestone**, **React**, **Node.js**, and third-party API integrations to provide real-time café recommendations based on user location and preferences. Contributed significantly to API integration and frontend development. Currently Hosted on Vercel.

- Building an AI-powered **Real Estate Advisor Chatbot** using **Flask** and **React**, integrated with APIs to offer tailored property recommendations and market insights, enhancing user experience through interactive and intelligent responses.

- **Treasurer of ACM MPSTME Student Chapter-** Successfully managed financial operations for the ACM Student Chapter, including budget allocation, sponsorship acquisition, and event funding. Streamlined financial workflows and ensured accountability for all chapter expenditures.

- **Subhead of Sattva Technicals**-Led the **design and development** of the **Sattva Website**, ensuring a seamless blend of functionality and aesthetics. Directed the integration of technical features to align with the event's objectives, showcasing innovation and teamwork while mentoring peers in technical execution.

- Directed as **Head of the social media and editorial activities**, increasing engagement by 40% through strategic content creation and effective promotional campaigns, while ensuring committee's consistency across platforms.

- **Quora Influencer in Automotive Writing**-Achieved recognition as a **Quora Influencer** in the automotive domain, garnering **1M+ views** for insightful and engaging content. Built a dedicated following by delivering in-depth analyses, reviews, and industry trends, showcasing expertise and thought leadership.
